

*The Measure of Quality*

**Apex International**, the World's Largest Anilox Manufacturer, has a new and exciting position within its production facility in Donora, PA for a Manual and CNC Lathe Operator. We are a growing company with many exciting opportunities and this position will add to the current team.

## ***Metal Lathe Operator***

The position of Lathe Operator is one of the most critical parts of our production process. At Apex, we pride ourselves on delivering high-quality products to our customers every, single time. To ensure this success, the Lathe Operator must possess certain qualifications, skills, and attitude.

### **Essential Functions & Key Responsibilities:**

- Operate both a CNC and Manual Lathe in a safe manner
- Comfortable working within tight tolerances of .0005
- Ability to read and understand micrometers
- Comfortable with metric measurement
- Responsible for keeping a clean and safe working environment
- Operate overhead cranes safely

### **Requirements for the Position:**

- Very high attention to detail
- Ability to perform basic math calculations
- Strong communication skills, including the ability to explain specifics of testing conducted
- Ability to work on your feet for extended periods
- Basic understanding of manufacturing methods and procedures
- Ability to review and understand mechanical blueprints

**Apex North America is an Equal Opportunity Employer.**

**Job Type:** Full Time

### **Experience:**

- Manual Lathe: 2 years (preferred)
- CNC Lathe: 2 years (preferred)
